M. RASHID

Full-Stack Developer | MERN Stack | Flutter |Node.js · Express.js · React.js · MongoDB · SQL

Lahore, Pakistan | +92 314 4192175 | rashidkhadim.0302@gmail.com

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with hands-on experience building end-to-end web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) and SQL. Delivered multiple academic and client-facing projects including REST APIs, admin dashboards with JWT authentication, and role-based access control systems. Completed a 3-month professional internship and holds a UI/UX background that ensures pixel-accurate, user-centered interfaces. Currently pursuing a Bachelor's degree in Computer Science at UCP.

TECHNICAL SKILLS

Back-End: Node.js • Express.js • REST API Design • JWT Authentication • Role-Based Access Control (RBAC) • Middleware

Databases: MongoDB • Mongoose ODM • MySQL • SQL Queries • CRUD Operations

Front-End: React.js • HTML5 • CSS3 • JavaScript (ES6+) • EJS Templating

UI & Design: Responsive Web Design • Flexbox • CSS Grid • Component-Based UI • Figma • Canva

Tools & Platforms: Git & GitHub • VS Code • Postman • npm • Netlify

Other Languages: C • C++

EXPERIENCE

Full-Stack Developer | **University of Central Punjab (UCP)** *2024 – Present*

- Built a Smart Home Service Booking System with full admin dashboard, JWT authentication, and RBAC using Node.js, Express.js, EJS, and MongoDB
- Designed and integrated RESTful APIs consumed by React front-end components
- Implemented MongoDB CRUD operations with Mongoose, including data validation and schema design
- Developed role-based access for admin vs. customer views with protected routes
- Applied MVC architecture for clean separation of concerns across academic projects

Front-End Developer Intern | **Meta Play Studio** *2025 (3 Months)*

- Built and deployed responsive web pages using HTML, CSS, JavaScript, and React.js
- Converted Figma UI designs into pixel-accurate, fully functional interfaces
- Developed reusable React components using props, state, and conditional rendering
- Collaborated with developers and designers in an Agile team environment
- Incorporated UI/UX feedback from client reviews to improve usability

UI/UX Designer | **Tech Jaunt** *2024*

- Designed wireframes and interactive prototypes for web and mobile applications
- Applied user-centered design principles to improve navigation and accessibility
- Collaborated with development team to ensure design consistency and smooth handoff

Independent Seller | **Daraz.pk** *2023 – 2025*

- Managed end-to-end operations of an e-commerce store: product listings, inventory, and fulfillment

- Developed strong understanding of customer engagement and online marketplace dynamics

PROJECTS

Smart Home Service Booking System — *Node.js · Express.js · MongoDB · EJS · JWT · RBAC*

- Full-stack web app with booking management, admin dashboard, and user authentication
- Implemented JWT-based login, protected routes, and role-based access (admin/user)
- MongoDB-backed CRUD for services, bookings, and users with Mongoose schema validation
- Responsive UI built with EJS templates and custom CSS

Personal Portfolio Website — *Node.js Express.js ·MongoDB . JavaScript · API . Vercel*

- Designed and developed personal portfolio showcasing projects and skills
- Live deployment on Vercel — rk-khv3.netlify.app

E-commerce Website UI — *React.js · CSS3 · JavaScript*

- Product listing, cart management, and checkout flow with React state management
- Reusable component library with clean folder structure and responsive layout

Food Delivery Web Interface — *React.js · CSS Grid · Flexbox*

- Interactive menu browsing, order tracking UI, and dynamic data rendering
- Mobile-first responsive design with smooth component transitions

EDUCATION

BS Computer Science | **University of Central Punjab (UCP), Lahore** *2023 – Present*

- Relevant Coursework: Web Development, Data Structures & Algorithms, Software Engineering, OOP (C++), Database Systems

Intermediate in Computer Science (ICS) | **Punjab Group of Colleges (PGC)** *2021 – 2023*

ADDITIONAL INFORMATION

Languages: Urdu (Native) • English (Professional — IELTS Trained)
Other Skills: Video Editing • Graphic Design • Electronics & Circuit Repair • Robotics Fundamentals
Soft Skills: Problem Solving • Team Collaboration • Clear Communication • Time Management • Continuous Learning
